Language:	German, English, Spanish, French, Italian and Polish
Previous knowledge/Degree of complexity:	Getting started with app creation is very easy. After just a few minutes, you can create your own content. A sound knowledge of JavaScript and HTML is necessary to develop your own templates for apps.
Link:	https://learningapps.org/
Provider:	Association LearningApps - interactive learning modules, Switzerland
Brief description:	LearningApps.org is a website/platform where you can find a huge selection of different interactive, multimedia learning modules/learning apps from all known subjects. These modules can be easily created, edited and used online. Formats available include multiple choice, matching exercises and cloze tests.
Access and usage Information (Costs, requirements cloud based, mobile usability, ...):	<p>LearningApps is free of charge. It is web-based and does not require any software to be installed, i.e. it enables location-independent access. The apps created can be easily integrated into other websites or an LMS via code snippets.</p> <p>A created app can only be saved with registration.</p>
